- Recordings of the course will be available for review 30 days after the course, beginning at/on December 8th. You can access the recordings on the course syllabus at the above site with the above login information.

Chat and Q&A

Course Evaluation & CME/CE Certificate:

The course evaluation will be hosted through the new MyCE portal. If this is your first course using our new platform, you should have already received a separate email from no-reply@myce.hms.harvard.edu to complete your account setup.

If you have previously attended a course on our new platform, this course will be added to your existing account.

Once you complete the account setup, you may log into MyCE with the following link: <https://myce.hms.harvard.edu>. We recommend bookmarking this page so it is easily accessible.

Once you complete the evaluation you will be able to claim your course credits and certificate.

Please lookout for an e-mail on the first morning of the course with detailed instructions on how to complete the evaluation and certificate process.

If you have any questions about logging into your MyCE account or obtaining your credits, please contact Harvard at: ceprograms@hms.harvard.edu
